Handled With	Heifers are well handled and were relaxed and calm whilst processing through the yards and crush			
	Bikes , On foot , Vehicles			
Notable Traits	Traits 1 Head 1Heifer with very minor, old pinkeye scar in one eye only			
Assessor Comments	An excellent quality line of very quiet PTIC Angus heifers in the prime of their lives. These heifers were purchased ex Auctions + earlier in the year, to utilise forage crop feed, & add value by joining to the vendors MILLAH MURRAH sire, then move on, though it would have been hard for the vendor to resist the temptation to retain and calve down, due to the impressive presence and quiet nature of these lovely, well developed heifers. These very even, well bred, & quiet tempered heifers exhibit good frame & are presenting in very forward/fresh condition. Heifers have been joined to the grandson of MILLAH MURRAH KRUIZE TIME K400, for a set 6 week joining & Vet indicated at preg-testing (21/8/24) heifers to be approx 3 months in calf. A great complement to any Angus herd, these impressive heifers are already very well grown with good softness & will develop further in the next 12 months to grow into large framed, top quality breeders that would take pride of place in any front paddock.			
Assessor	John Hyland (Level 3 Accredited) Phone: 0429 207 560
