Assessor Comments	A nice little lot of mixed age Angus cows. Bred by the Karoo Angus bulls for many years and now with a June drop calf at foot by the Millah Murrah Quiote AI sire. Presenting in strong store condition after a relatively long winter at O'Connell these cows are set to power on into the spring ready to be rejoined to the sire of your choice. A hard calving time to find when chasing cows to replace. Plenty of upside here. Cows are not age identified but everything assessed appears well and truly sound and anything mouthed had very good solid mouths. In the vendors opinion cows should be in the range of 5 to 7 years. Note a larger line of same cows in sale, just pulled out with different sired calves. Certainly would be ideal to combine back into one line if required
