Handled With	Very well mannered breeders. Extremely quiet to handle in and around the yards. Stood like lambs in the crush, and all exited at a steady walk. One heifer was just a bit anxious in the paddock after weighing, wanting to stand at the gate and get back out into her paddock.			
Notable Traits	Bikes , On foot , Vehicles			
Assessor Comments	Traits			
	4 Head Rub marks from carting home in the truck			
	1 Head Solid coloured Black Cow. (Has the whitest calf in mob)			
	1 Head Very small lump under chin. Checked - Completely soft, perhaps an old grass seed.			
Assessor	Very nice line of medium framed females that have been doing it tough, on the side of a cold, hilly bush block, with only short, Wintery native pastures to graze. All carrying a big tank of milk underneath & doing an excellent job with their poddies. All calves are looking bright eyed, fresh in the coat and well looked after by their experienced mum's. Ready to take home and be appreciated in the front paddock of a smaller scale operation or hobby farm. Buyers please Note. Vendor is down sizing numbers due to the sale of a paddock, and is offering another lot of Heifers & calves in the same sale, as well as 2 lines of steers in the Weaner & yearling sale.
