	Very Good to Handle through the yards. Majority are calm & content cattle with only a handful stirring up in the crush. They have been round yard drafted.																			
Handled With	Bikes																			
Assessor Comments	56 VGQ Vendor Bred PTE Mixed Breed Heifers. Majority exhibit good bone, length, depth & frame for their breed & age. They are ideally suited to finish off on grain, crop or grass with some of the lighter Heifers still suitable to breed from. They were yearling mated in a 3 month window so would still make good breeders under less scrutiny. There are 37 x Soft Crossbred Heifers suitable for the Supermarket Trade, 6 x Flatbacks & 13 x High Grade Brahmans. They have good feet & are very good to handle through the yards. There were 6 of the heavier/older looking heifers mouthed with 5 x showing solid milk teeth & 1 x Heifer with solid 2 Teeth. I am very confident that majority are milk teeth. Vendor has 2 mobs of PTIC Crossbred & Brahman Heifers in the Eastern States Sale. Tandara is Prickly Acacia free. Weighed after 16 hours off feed & water.
