Vendor Comments

This is a turnoff of some of our weaner steers from earlier this year. These steers have been handled reguarly and are quiet and easy to handle

	These steers are very good to handle. 2 steers were slightly stirry in crush and yards but settled well back in mob

Assessor Comments	Here are well bred line of weaned Charolais cross steers. These steers are by Ascot Charolais Bulls out of good quality Charbray and Droughtmaster cows. There is a lot of compensatory gain in these framey steers. The temperament of these steers is excellent and they handled extremely well throughout the yards. All the hard work is done with these steers and they are ready to be turned out to make excellent heavy feeder steers or bullocks. Please note these steers are in ticky country but may have never been exposed to cattle tick. Would be recommended to buyers in cattle tick area to blood these steers due to not being exposed to cattle tick
