Assessor Comments	A line of 14 good quality Angus & Angus cross yearling steers presenting in healthy store to forward condition that have an estimated averaged delivery weight of 323.7kg. Steers have been on oats for 8 weeks and are just hitting their straps and would be ideal to feed for the domestic feeder market or take out to heavy feeders or fatten on oats. Please note; Steers have rub marks from having lice but were treated on the 10/8. Contact agent regarding delivery dates. Same vendor has another lot in this sale.
