	A good line of steers to work with. Only a few became agitated when pressure put on in forcing yard and race. These settled again with the rest of the mob again.

Assessor Comments	An exceptionally well bred line of quality Angus steers ready to finish on grass or feedlot. These steers are extremely soft, easy doing with plenty of weight for age and with plenty of carcass shape. These steers are predominately out of AI sired cows that are directly by or descendants of TeMania Emperor, Millah Murrah Clooney, Clunie Range Jedi & Gilmandyke Reality and sired by top end Noonee & TeMania bloodline bulls. Since their last weigh in these steers have been averaging 2.3kg/day on improved pastures with no supplements. These steers have been given every chance throughout their lives so that they have the best chance to perform not only at finishing stage but also when at the final stage as a high indexing carcass. Vendor has 2 lots in same sale.
