| Assessor Comments             | ** Lead draft of heifers.** Well bred Mundarra blood heifers that have been running on light native country. Heifers are out of medium to large frame cows. If given the opportunity, heifers will reach heavy feeder weights or kill spec. Or retained to be used in a breeding program. Heifers were quiet and easy to handle at assessment. A 20% tail was removed. Good young heifers that will take advantage of a higher protein diet. |
