Assessor Comments	Quality line of well bred Angus steers. Steers weighed in a tight bracket from 300-350kg at assessment. Good steers that went through a tough winter and are just on the do and will continue to do so given the opportunity. Vendor normally grows steers into feeder weights. Opportunity to put 51 steers back together. Please see vendors other lines in same sale. Please note orange tag steers are the calves off Heifers purchased in October. Small tail removed from mob.
