Very quiet, well mannered bucket reared calves, easy to handle in every manner. Brought up the race individually to stand

	on the scales. A couple of Steers showed some anxiety on the scales with a small amount of stomping and weaving, not enough to merit being called anything other than quiet. Very placid calves that could be handled by a stockman of any experience.
Handled With	Bikes , Dogs , On foot , Vehicles
Notable Traits	Traits 5 Head Swollen pouch (Recently ringed)
Assessor Comments	Bright, healthy young calves that are in optimal health. Steers that are the proper article - vendor bred, out of enormous big Holstein Cows, by selected imported semen and Table Top Angus mop up sires. Nice line of Steers to take on knowing they have been given the best start possible in life, with no shortcuts taken throughout their development. Currently going forward on pastures with access to a custom grain mix and pasture hay. Steers with the potential to grow out to be enormous XB bullocks.
