Assessor Comments: A nice line of one-mark, beautifully quiet tempered, Angus cow & calf units, on their first calf. These heifers are well developed, exhibiting good frame & producing plenty of milk, which is evident in the sappy COTTAGE CREEK Angus sired calves at foot. These heifers have been running continuously with the TeMania Angus bulls since calving, however continued joining would be advisable due to the young age of the calves. Presenting in fresh condition, with signs of a little rub, these heifers are just starting to clean up in the coat would benefit from a backline. A great opportunity to secure quality young breeders which have calved with ease, unassisted, with very even, top quality Angus calves at foot & a lifetime of production ahead of them. A lovely even line of very quiet, well grown young cows which are nurturing a terrific line of calves. Vendor also has 14 x 14 mature-aged Angus Cows & Calves offered in the same sale, with similar aged calves at foot.
