Assessor Comments	13 x 13 Angus Cows and Calves. A nice even line of Cows and Calves presenting in a strong store condition due to a cold winter. Cows have a good deal of frame and type to them and it is evident they are throwing everything they can into their calves. Cows have been running back with bulls since calving for 9 wks. Only younger cows being 3-8 years with plenty of life still in front of them. Calves are sired by Karoo Angus bulls are Feb- March drop, they are showing a nice deal of breeding behind them. These units present in a store condition and would really freshen going onto fresh pastures.
