Assessor Comments	Outstanding line of Injemira blood Angus second Calvers. This is an opportunity not often available. Young cows that have had their first calf, gone back in calf, and are now fully set up to continue on with their breeding lives. These were purchased as part of the Injemira weaner buy back program from clients at “Ardno Station” in 2022. Calves at foot are by Injemira Quixote S326 and are showing great shape already .
