Quiet cattle that were a pleasure to work through the draft and were very respectful of their surrounds and of the handlers.

Assessor Comments	A very tidy line of principally medium frame young females that present in strong store condition. These females have frame and ample bone and would appear to have the breeding to mature into a quality solid matron in your herd. All have calves at foot and have a very productive vessel of milk which is reflected in the quality of the calves that are fresh and sappy. The calves remain unmarked at assessment and consist of an even balance of 17 Bull and 16 Heifer calves. Note : 5 Heifers stand tall with length while the balance are more moderate in frame with depth.
