Assessor Comments	These EU steers present in forward to forward store condition. Ranging in weight from 376 kg to 461 kg, they are an ideal article to continue on oats and have a quick turn around as a heavy feeder or a domestic weight killable article, or go straight into a feedlot. 46 of these steers have been purchased out of the June monthly CTLX store sale, and have done exceptionally well since arriving in the warmer climate. Approximately 25 hd have ring worm scabs on them that have shown up in the last month or so. these 76 will fit neatly onto a B-double. Also please note another 20 steers in the same sale can be purchased to make up 4 decks.
