Assessor Comments	A good line of Angus and Angus cross Heifers which have had a start on oats and would be an ideal article to take through to feeder weights or an MSA or grass fed kill job. Heifers show good length, bone and softness throughout. These Heifers would be an asset to a breeding program or to suit domestic and export markets. Cattle are starting to clean up in their coats and are really on the do, Given the opportunity cattle should put weight on quickly. Please note vendor has Steer portion in the same sale.
