Notable Traits	Traits 3 Head pink eye scarring 1 eye only		
Assessor Comments	A very smart line of Angus & black baldy steers. These steers are knocking on the door of feeder steers, or also would be very suited to taking onto grass finishing. Great to handle, well educated steers showing softness & frame. Sired by TableTop Angus Bulls from Angus & poll hereford cows (Wirruna Blood). These steers are Grass Fed only & No Antibiotics. This is the vendors lead 50% of their annual draft of steers. Please note these steers have had 1 vaccination of Bovilis MH + IBR, Also note these steers were walked 5km to the yards prior drafting and assessing therefore influencing the lower delivery adjustment. Highly recommended, noted doing cattle.
