The Heifers had a tendency to run when first put into the yards. Two reacted under pressure not wanting to take you on just get out of the way in a hurry. They have had limited handling this year, they were run in the hills after weaning and on the wrong side of the creek. The 1st time they have been in the yards since weaning was for this assessment .They did start to settle after a while in the yards and would benefit from further handling. They have been worked with dogs.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Very well bred Poll Hereford Heifers that are weaned and going forward. The Heifers are out of good framed cows that milk well and as such would make ideal breeders, alternatively they will finish on grain or grass very quickly. The Heifers have been bred on pure Onslow bloodlines for many years and more recently Kidman bulls have been purchased.
