Assessor Comments	Tops of the drop, neat B-Double line of Oct/ Nov '22 drop Rennylea Angus blood steers all weighed 235kg+ to average 267kg (235-351kg) after a 3-hour curfew. These steers represent the top 50% of the drop with the lighter end retained. The Trewalla steers are always highly sought after by backgrounders and finishers due to their high growth rates and quiet temperament. These steers are Grassfed and Antibiotic free eligible being both Greenhams Never Ever and Teys Grasslands Accredited. Please note; approx. 10% with ring worm and four with an old eye scar in one eye only. Excellent quality steers that will absolutely explode on spring feed with plenty of compensatory growth on offer.
