Well mannered young steers that were extremely good to handle in the small sized yards. In close proximity to the handlers at all time and were sensible to deal with despite this. Had our backs to them as they left the crush & they all just stood

back and watched on quietly. Led out to the holding yard quietly & were quiet & sensible to walk around & take photos. Have been extensively handled & educated by an elderly gentleman & his dog, a credit to his efforts, they were a pleasure to handle.

Assessor Comments

Very nice line of very well bred steers carrying pure Llandarlo genetics. These steers present in fresh 2 score condition, all frame with a minimal amount of cover, just waiting to explode on some fresh pastures and some warmer weather. These cattle have been frequently purchased by in-house clients and have proven to have the shape and scope to perform in any chosen market, be it domestic or export. Length, depth, frame & shape is all there and ready to be taken advantage of. 100% Grass fed, antibiotic free. Big boned, easy muscling type steers that have done all their growing, and will be a short term target of finishing them. Please see photos & video for full contentment.
