| Assessor Comments  | A quality line of speckle park cows that are Preg tested in calf. The majority of the cows are all registered with the speckle park breed society. These animals will be sold as commercials but the vendors are happy to transfer any animals that are eligible for registration. The vendor has done their best to match the pedigrees to each lot and a copy of the matched registration certificates are attached to the assessment. The cows were vet pregnancy tested in calf (6 X 4-7 months, 1 X Under 4mths). |                                          |                                     |
