| Assessor Comments | A great opportunity to purchase third calf Angus NSM cows with F1 calves at foot. Cows purchased carefully as NSM heifers four years ago for their correct genetic traits in IMF & EMA for breeding F1 progeny. Cows recently finished calving and doing an excellent job on calves, all progeny are sired by 3D Genetics which are one of the leading F1 feedlot genetic suppliers. Cows are exhibiting good structure and frame and have plenty of years of breeding left. An opportunity to purchase a quality line of cows to join to your chosen sire with high quality genetics at foot. Buy with confidence. |
