Assessor Comments	A nice line of young Angus Cows & Calves. These Cows are in the prime of their lives being 2-6yrs and have come out of a tight winter and are really starting to bloom coming into a good Spring. With a very good frame, bone and depth to them these cows are doing an outstanding job on their young calves with a great deal of milk under them. Calves are sired by Rennylea blood sires and are showing very nice even type, marked and will continue to power ahead in the spring.
