Assessor Comments	An opportunity to purchase some very well bred young Rennylea cows PTIC with their 2nd calf. Cows are just 3yrs old and are in calf to the Black Hicks Composite stud bulls S808 and S1036. These youing females are in healthy store condition having been brought up from the Monaro and are putting on weight quickly after a very tough Autumn and winter. Their breeding is showing through displaying good frame and length, and will continue to stack on weight given the opportunity. Well bred young females at the beginning of their breeding lives. Buy with confidence.
