Quiet: 24 head Slightly Stirry: 5 head	Quiet: 20 head Slightly Stirry: 8 head Stirry: 1 head	Temperament not assessed in Paddock

Cows were all easy to handle in the yards and crush. A few tried quite hard to not be drafted off their calves and wanted to get back passed the handler, listed above as slightly stirry. All led from the force, up the race well and were good on the scales. The few (9) that are listed as slightly stirry/stirry were mainly the cows that were mouthed, and, understandably, showed some offence at that procedure. All exited the crush well and were quiet and easy to walk amongst and get photos.

Assessor Comments: Very ‘true to type’ Angus breeders, with traditional pretty faces, good width between their eyes and a long deep barrel. These are proper solid type Dunoon Blood Angus Cows, all doing an excellent job with their young Reiland blood Angus calves. Calves are all quite even and are being very well looked after by their experienced mothers. Cows have been back with the Reiland Bull since mid August and will remain with him until delivery giving the buyer a potential 3in1 unit.
