Assessor Comments	A neat line of well-bred black baldy heifers & calves. The heifers have plenty of frame & class about them, with an average of 100kg sappy calves that are sired by the angus bull at foot. They all appeared to be harbouring good maternal traits & were quick to mother up after assessment. Buyers please note: they've been running back with the Angus bull since 1/09 and he will be left in until departure. Heifers & calves that would suit any job, with many breeding years ahead & plenty of frame to put condition onto.
