Assessor Comments	An extremely high quality line of EU vendor bred Angus x Angus Heifers that have had a start on the crop and are full on compensatory weight gain. The Isla Angus cattle are regularly sought after by leading feedlots and have won carcass competitions in the past. These heifers will grow out to be high quality young females with a power of breeding behind them. All care has been taken to remove any heifer with two scarred eyes although the odd heifer has a single slight scarring. NB: Same vendor has multiple other lots in same sale. Please note 182hd will be offered as a run out the gate in two lots of 91.
