Assessor Comments	An excellent quality line of NSM Angus heifers. Heifers present in forward condition and are just shedding the winter coat and jumping away with favorable spring conditions. These heifers come from the renowned Twynam blood cow herd and are by top quality Moogenilla & Te Mania sires that focus on IMF, 400 & 600 day weight and calving ease. These heifers are offered annually and previous buyers have all done well with them. Heifers would suit future breeders or feeder heifers for the kill. Buyer please take note, 11 heifers with some warts on the face and neck and 1 heifer with an old blue eye.
