Assessor Comments	A neat B-Double of August/ September '23 drop Dunoon, The Rock & Milong Angus blood steers that are primed to take out of feeder or kill weights. All weighed out between weighted between 332-438kg to average 373kg full at assessment with the tail end removed. These steers have been on agistment at Burcher and are really on the do, cleaning up in the coat and powering on the weight. Steers just just need topping up to hit feeder weights and make an ideal short term turnover opportunity to take advantage of the favourable season.
