| Assessor Comments | An excellent line of Strs with a super tight weight span of 300-360 kg. These are strs that are easy to handle , well bred and ready to perform . Approx 17 Strs in the offering have had Ring worm and whilst they are over it you can see they are still visibly missing a a bit of hair, none have had any pink eye issues or scaring. Strs have also just been drenched, vaccinated and received their pink eye vaccine booster. |
