Assessor Comments	A very even line of white suffolk/merino mixed sex lambs April/May 2024 drop. These lambs are bred out of good frame Egelabra blood ewes by the Kurraview white suffolk ram. A 10% tail was drafted out. They have been weaned for nearly a month and are powering along. They will be market crutched before delivery. A great opportunity to secure a well bred line of lambs to grow and fatten through an excellent Spring on the way and optimistic lamb market.
