| Assessor Comments | A neat run of young Merino wool grower wethers. Wethers are 11-12 months of age and in very forward, fresh condition. Manawa Merino bloodlines for many years with recent infusions of Greenland and Bindaree Merino genetics. Vendor selecting sires for wool cut and carcass. Wethers have done well on the improved country and have a nice fresh skin since shearing. Wethers are mulesed and would be ideal to finish off and kill quickly or retain as wool grower. This lot represents vendors entire 2023 drop with a small tail removed. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga. Wethers are in an ESI for Flexolt. Out of ESI on 28th October. |  |  |
