Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Top quality traditional 2ndX Imbs presented in very forward condition, weaned off mum and up to date with animal health treatments. Whilst not officially grain trained, these lambs by default received plenty of training while on mum as ewes were fed for some time after lambing due to drier season. This has set these lambs up very well. Consistent high quality Imbs produced every year by the Wiadrowski family with excellent performance noted from previous buyers. Buy with confidence these well regarded lambs.
