Assessor Comments	A 4 deck load of ms wooly 2nd cross lambs bred out of med-large frame composite ewes, sired by high index Kiranda & Probreed composite rams. Average 34.3kgs, range 28-42Kgs.. The consignment range is nice & tight between 28 & 42kgs, hence the line is very even. These lambs have plenty of potential, are fresh, weaned & are very young so have plenty of time to grow out into export weights given the right feed and conditions. Vendor only selling due to the high lambing percentages & feed being retained for the ewes on this property. The dirty lms will be crutched prior to delivery. Are priced to sell.
