| Assessor Comments            | Young ewes bred on the vendors Benalla property and taken to the Gundowring farm in May as replacement ewes. Given the unfavourable season it was decided these ewes needed to make way for other stock on the property. Since shearing and a drench these ewes have really jumped ahead and now will be ready to take a ram before year's end. Breeding is very sound, out of S/East SA merino 65-70kg ewes and Allan rams. |
