Assessor Comments	This is a great opportunity to purchase a flock or part of, unfortunate sale dispersal due to tragic loss in family. This client is a very passionate Merino breeder with high standards on wool, body, structure & fertility. Vendor has been on Baderloo blood for 23 years. Lambing % has consistently been between 125-130% with all dry ewes getting removed from flock. Due to exceptional wool length Vendor shears every 6 months and has been for the last 9 years cutting over 70mm wool. due to tough season ewes are not in as forward condition as they would normally be, all ewes are good medium frame and present well. Vendor aims to to provide fine highly aligned fibre with low top to noil ratio on a plain bodied sheep. ****Please note there are 4 lots in age groups in this sale****
