Assessor Comments	Annual draft of Ewe Hoggets out of the Densley's self replacing flock. Its always a pleasure to offer these ewes each year knowing that they will perform well going forward as they have in the past. These ewes grow into big framed ewes with good stretch and doing ability. They have come through and still going through a very tough year and still manage to ave 62.8kgs at assessment. Densley's have consistently marked a flock ave of 120% lambs each year so feel confident that these ewes will breed for many years to come.
