Assessor Comments	Genuine line of classed in ewe hoggets. These ewes were split off from the main mob just to reduce numbers. Would normally be retained as breeders but due to the dry season they are needing to be moved on. An excellent line of large frame Springvale North ewe hoggets, all the work is done. Ready to mate up with the rams of your choosing. M/TS, dipped and up to date with all vaccinations. In excellent condition and growing out very well. These ewes have excellent breeding in them and will go on to perform for the purchaser. Regretful sale but these ewes will not disappoint.
