Assessor Comments	Magnificent quality genuine line of 2.5yo ewes from the Lake King district. Large framed ewes showing plenty of bone and constitution that this area of the wheatbelt is renowned for. These ewes achieved 85% lambing unscanned this season and have had the lambs weaned off for four weeks. February shorn with up to 70mm of wool on them, these ewes would be suitable for the astute merino producer looking for a quality wool producing line with their whole breeding life in front of them. These ewes come highly recommended. Classed annually by Grantley Mullan of Eastville Park Poll Merino Stud. Please note vendor has a line of 1.5yo ewes in this sale.
