| Assessor Comments | On offer is a good quality line of July/August 2023 drop Merino ewe lambs and hoggets. These ewes come from a well managed self-replacing Merino flock of Centre Plus blood, with only rams introduced to the property. The flock has ceased mulesing and is Responsible Wool Standard (RWS) accredited. Flock average of 18.5 micron. Ewes show good frame for their age and potential to continue to grow out into a nice line of breeders. Ewes are bare shorn and ready to go ahead over late spring/summer. An excellent opportunity to purchase young ewes from a quality flock with all their productive lives ahead of them. Noted the odd ewe with some black spots on the ears/eyes, no black in the wool. |
