Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A fantastic opportunity to secure a line of Borambil blood merino ewes that are surplus to the vendors requirements. Ewes are Gudair vaccinated and from a flock that only introduces Borambil stud rams on the the property. These ewes are bale fillers and already have an average of 30 mm of wool on their back. Please note there's the odd (10% of ewes) with a longer toe in the mob but all ewes walk freely. Any ewes with excessive dag will be crutched by the vendor prior to delivery
