Assessor Comments	Buyers, a great opportunity to secure a VGQ 3 deck line of vendor-bred weaned steers. This is the lead draft of the Santa and Simmental cross Barford 2024 weaners. Steers are out of large-frame Santa, Simmental and Hereford cross cows and are sired by high-priced Santa and Simmental and Hereford bulls. Steers stand on good bone and show good length, depth and great weight for age. Steers were bred on vendors three properties and were returned to Barford at weaning in June/July and have been grazing on failed oats since. These steers are gaining a good reputation for performance on grass or grain and come highly recommended, ideally suited to take through to grass bullocks or alternatively drafted into 350-420 kg range to suit Domestic feeder market. Please note two steers observed with a slight blue spot in one eye which is not considered detrimental. Steers described with horns are only weaner horn well inside ears,2 brindle steers.Vendor has 4 decks of heavier brothers in this sale.
