Assessor Comments	A good to outstanding quality line of mostly Angus heifers, 302 to 436 kgs to avg 365 kgs 3 hours off feed. 50% of their mothers were straight Angus and the remaining 50% were an Angus Santa Cross. Theses heifers are very fresh in the coat, well grown and mostly showing plenty of cover, doing particularly well on the oats crop - see videos. Their temperament is excellent, a pleasure to handle. To the best of the vendors knowledge there has been no bulls with the heifers. I would recommend these 32 as quality replacement heifers! They are also ideal feed on heifers for the butcher's trade.
