Assessor Comments	A line of 32 good quality predominately Angus x Angus heifers presenting in forward store condition to have an estimated average delivery weight of 364.2kg. Buyers these heifers are in ideal condition to join to the bull of your choice and show the potential to grow into nice cows. These heifers were selected by the vendor as replacement heifers and are only being sold due to the downsizing of the property. Heifers would also be ideal to feed or fatten on crop for a supermarket or export slaughter market.
