Assessor Comments	A quality line of one mark NSM Angus heifers. Heifers are 11.5 -13 months old and were drafted into an even B-Double weighing from 304kg to 441kg at assessment. The 'Weowna' herd is KO and Aristocrat Blood with a focus on fertility, structure & high IMF when selecting bulls. These heifers are up to date with all their animal health treatment, cleaning up in the coat and powering ahead with daily weight gains of 1kg+ . These heifers are showing great stretch for their age and will make a welcome addition to any breeding enterprise. At no stage have these heifers been with the bull. The opportunity to secure genuine breeders immediately ready for a Spring joining.
