Assessor Comments	Pure Te Mania Angus blood young heifers, bred for positive carcass traits & high growth. Have been grazing fresh improve pastures (with excellent Fert history) that has begun running to head and really upping the protein, as well as good native pastures along some creek country. Heifers are fresh & clean coated in forward condition, many looking ready for the knife, or continue on pastures/feed and take out to heavy feedlot bodies. Females that will be high yielding finished bodies.
