Assessor Comments	Watervalley offering a neat line of Red Angus PT empty heifers weighing an Ave of 323.3kg LW curfew. Round yard drafted and individually weighed. This line of heifers are an opportune feeder line, offering a medium frame in fresh forward store condition. The Red Angus heifers have smooth, short coats, and present in very healthy visual condition with good confirmation to make future breeders or go on as feeders The Watervalley cattle are well known for their doing ability and will perform well for those buyers with feed and wish to add value to their purchases.
