Assessor Comments	A quality line of fresh young Steer calves that present in fresh forward/store condition out of maternal medium to large frame Cows. Very quiet young calves that have performed well for previous purchasers and will grow on for intending purchasers. These calves are weaned with cows previously sold to market but there is a chance odd Mother of calf still in mob. Ideal cattle to turn out. These are the later drops of the Steer calves with 2 lighter Steers being removed from line. Vendor also offering a line of 6 Heifer Calves in same sale being the sisters to these steers.
