Assessor Comments	Buyers a great opportunity to secure a B double line of the lead draft of the Nive Downs no 4 heifers. These heifers are sired by High priced ANC Charolais sires out of Large framed VGQ Ultrablack cows giving them the Ideal Euro, British; Bos Indicus three way cross. No creamy Heifers are retained so this is the cream of the crop, they stand on great bone and show length, depth and all the feminine characteristics to be an asset to any herd alternatively they have been drafted into a 350-420 kg weight range to suit the domestic feeder market .These heifers come highly recommended and are sought after by repeat buyers as they are renowned performers on grass or grain .Please note heifers described with horns are only very small weaner horn being missed at branding not considered detrimental. Vendor has 1 deck of black and colored sisters this sale
