Assessor Comments	A good line of unweaned Autumn 2024 drop heifer calves. Sired by a Ben Nevis stud bull, out of predominately large framed pure Angus cows, plus some Angus Santa cross and Charolais cows. These calves handled very well through the yards during assessment so should wean off as easy managed weaners. Calves displayed good health and frame along with being fresh in condition. These are full Autumn drop calves from first calf heifers. NOTE: 1 heifer was observed to have possible itch-mite scratching around neck.
